

Annual Conference EMSP

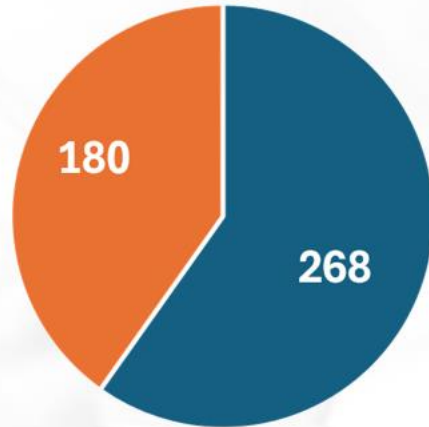

PRA
GUE | 16-17 MAY
2025

Jan Anders Istad
Norwegian MS Society

The importance of national quality indicators

TREATMENT START WITHIN 21 DAYS AFTER DIAGNOSIS(2023)

■ Yes ■ No

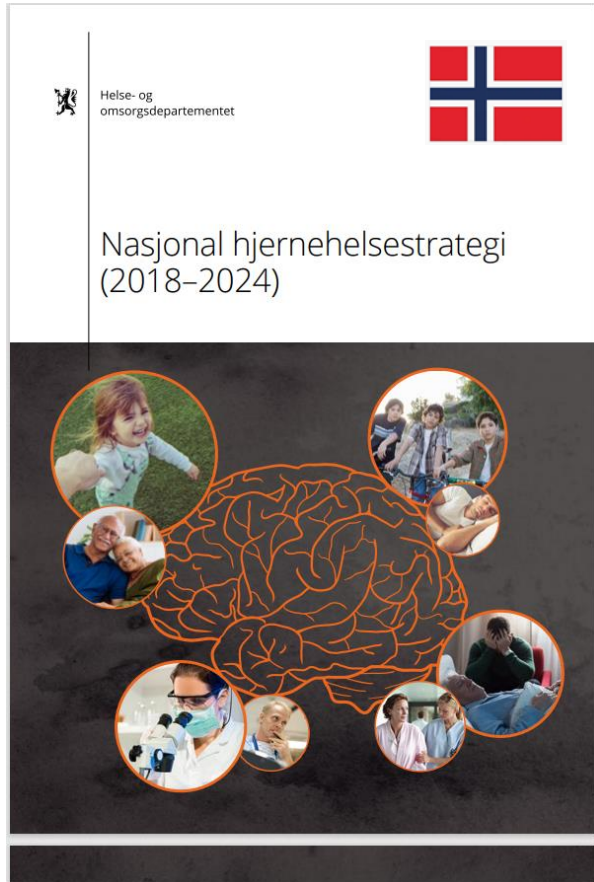

Health Technology Assessment (HTA)

- Increasing european and international collaborations for access to therapies
- The huge societal costs of MS not rewarded in the process (health care only)

Brain Health collaboration

2018: the first brain health strategy

2024: co-location of brain societies

Ongoing publications: global burden of brain diseases
